I really love this project, it's very good for us because you visit new countries, you learn more things about their culture and you make new friends.

Just perfect experience!!!

♥

interesting an inovative

Certainly, it was an amazing experience! Everytime when i work with Erasmus team, i feel so happy to be free to use my skills.

overall excellent

Very good, I had a really great time full of new experiences

I don't know, I think that all was ok and the activities were well organised. Maybe some of the meetings with important people, like judges,exc, were too long and boring

It was cool making friends all around the countries

I feel very fortunate to have been part of the project. I think that all went pretty well. I learned a lot about immigrants, and now I am more aware of the situation. What is important now is the people I have met during the project, they are very good friends that I hope to preserve.

Viery good

Very good

It was a useful experience, because it helped me to improve my english skills, to know more about foreign countries and to develop my independence.

9 because it was an amazing experience in which we learned a lot of immigration and women's rights

9, not everything was perfect but it was one of the best experiences i've had in my entire life

I liked very much to participate in this project, because we have been able to spend a week or two with people from different countries and meet other cultures. Apart from learning and improving our English and our ability to communicate. I would repeat once and a thousand times and I recommend it.

It was a wonderful experience that taught me a lot of things! I'd definitely participate in a project like that, again!

It is an unforgettable experience. If everyone could have the chance to come there, he/she would win a lot about his knowledge, way of thinking, character.

While i don't believe I learned more about the theme of the erasmus program, it was fantastic visting other countries, getting to know other people and now I have many friends around the world.

It was a wonderful experience, certainly I would do that a thousand times again if I could

The project was an incredible experience, I made many friends and met many different cultures. You realize that we are all the same, with our problems, our hobbies ... despite living in different places. I think some countries should have more organization and perform other different activities to learn about the culture and places of the country, but with more dynamic activities. I recommend this experience to everyone, it was unforgettable

I think the project is very useful because you can learn a lot about specific things. The project is also useful because you can learn something new about different cultures of many different countries and you can improve your English and your communication skills.

Overall I really like this project and I believe it's very good for all the students who want to learn more about different cultures.

It was a good project and a beautiful experience! I met a lot of nice people and I will remember this trip forever

I would rate the project ten out of ten. I will never forget this experience
